Background History

Alistair has turned his talents to practically every area of the entertainment industry. His natural ability to work and hold a live audience makes him a very valuable commodity. Overflowing with energy, quick wit and an unrivalled ability to ad-lib, he hosted Keynotes, ITV's top rated Network music game show, for five successful series.

He was able to use his versatility to present Weekend plus, Anglia's weekly magazine programme, which incorporated everything from celebrity interviews to live studios and OB links

What's on (HTV) were also great opportunities for Alistair to show his talents at delivering exciting and entertaining pieces to camera whilst abseiling, ballooning and motor racing!

A great voice lends itself to radio, so Alistair regularly presented a four hour weekly talk show for LBC Radio, and hosted a live independent Radio road show to audiences of 1000 plus with on air links, phone-ins and competitions.

Alistair is also in great demand in the corporate market – having fronted videos for blue chip clients like, BT, British Airways, Microsoft, Vauxhall, Boots, Peugeot and Littlewoods. Hosting live evens, road shows and pantomime appearances are all part of a days work for Alistair.

On television at the moment Alistair can be seen presenting numerous programmes for Granada satellite and as chat show host Drew in the Specsavers advertisement.
